

THANK YOU!!!

Thank you for visiting my store; I appreciate it. I really hope that these resources prove useful to you & that you enjoy using them. Please don't hesitate to contact me if you have any questions, and know that feedback is always welcomed.

By downloading this articulation screener you have purchased the right to use it for your own personal use. You may print it as often as you wish for your students or classroom. You may not copy, resell, or share downloads. If another teacher would like a copy please direct them to my store:

<https://www.teacherspayteachers.com/Store/Simply-Savvy-Speechie>

This is a one page quick articulation screener. It does not look at all of the sounds in every position but gives you a good idea of whether or not the child has articulation errors. I have two sheets that you can use record. One generic with all the words and the other aligned to the new articulation norms.

Graphics are from (thank you!)
