Thank you for visiting my store! Using short films is one of the most engaging activities I do with my students. Students really enjoy the videos and I find it great to stimulate language, inferencing, and comprehension. I have made two review papers for each short film. One is open ended questions and the other is multiple choice. I have also included general comprehension activities to help with recall, comprehension, character development and more! If you see any errors, please let me know and I will fix them right away!

Terms of Use
