

# Thank You!

## Product includes

Thank you for visiting my store! I work with a lot of Pre-K-1st grade students working on WH?'s. I really like to send things home that we are working on so the parents know what their student is doing in speech. These are some WHERE? worksheets I developed to use with my students. You can cut them into strips or just use the worksheet as it is. Have the child pick the correct answer and they can color the page too.
